of COST Action Reducing Old-Age Exclusion in Europe:

Collaborations in Research and Policy – ROSEnet (CA 15122)

Le Fiap, 30 rue Cabanis 75014 Paris, France

Friday, 11th January 2019

About ROSEnet

ROSEnet (Reducing Old-Age Exclusion in Europe – www.rosenetcost.com) is an innovative networking partnership between policy stakeholders, researchers and older people from 41 countries, involving over 135 members.

ROSEnet aims to overcome critical knowledge gaps in research and policy to tackle social exclusion amongst older people in Europe.

Funded by the COST Association, and focusing on different forms of old-age social exclusion (economic, social, services, civic, and community and spatial), members are engaged in a four-year (2016-2020) programme of research, dissemination and networking activities. ROSEnet is dedicated to developing shared understandings of old-age exclusion, that are underpinned by state-of-the-art research and innovation, and that help to direct meaningful policy and practice development.

This Seminar is the 5th ROSEnet European Policy Seminar, with three further bi-annual Seminar and conference events planned for the remainder of the Action. For further information on these events and ROSEnet's research activities please visit www.rosenetcost.com.

About COST

COST (European Cooperation in Science and Technology – see www.cost.eu) is a unique platform where European researchers can jointly develop their ideas and initiatives across all scientific disciplines through trans-European networking of nationally funded research. COST is supported by the European Union (EU) Horizon 2020 Programme.
